

CHARGES

Improper Conduct On Part of State Examiner

MECK'S STAR WITNESS

Accused School Examiner Brands Mrs. Dollinger's Story as False

Taught In Newark School As Sub- stitute And Was Applicant For Position.

Columbus, O., March 10.—The teacher who Senator Meck declared would testify concerning improper proposals alleged to have been made by a state school examiner was produced Monday afternoon when Mrs. Mary B. Dollinger of Sidney, O., former teacher at Xenia and Canal Dover, involved State Examiner S. P. Humphreys in charges of improper conduct toward her in June, 1907, while she was an applicant for a teacher's certificate.

Mrs. Dollinger said that she had taught school in New Orleans, North Dakota, Sioux City, Ia., Xenia Orphans' Home and at Canal Winchester. Last June she was an applicant for a state certificate and while coming down the stairway at the Great Southern Hotel met one of the examiners, naming him. He stopped her to tell her something in regard to a question in Latin which she had asked him, and while pretending to point at the question with a pencil came very close to her and she said his actions were very obnoxious and so decided that she could take nothing else, but an insult from him.

She moved away from him and he followed her and the action was repeated. She said it was not slight, but decided and that following this he asked her when he could see her alone. She thought it better not to openly defy him on account of the fact that she was an applicant for a certificate and told him she was entirely too busy.

She told her mother about the occurrence soon afterwards, and also told her husband, to whom she was then engaged to be married.

The attorneys for the school examiners were allowed to make a limited cross examination.

They asked her if it were not true she had been discharged at Franklin, O., and at the Xenia home on account of improper conduct, and she denied positively that such was the case.

The accused, who was present and heard the testimony, said that it was entirely untrue. He said he had met her at Put-in-Bay at a teachers' convention does not accept his choice he will take the nomination himself. Not only Secretary Taft, but whoever be the candidate of the Chicago convention, will be subjected to a very heavy handicap.

"The election of a Democratic President, whoever he may be, will bring about a most desirable change in party policies of great benefit to the country. For the first time in many years the party in power would find lined up against it a strong opposition in Congress, the Senate being two-thirds Republican. This would cause a most healthful political battle. Any proposed legislation would have to run the gauntlet of strong opposition and debates of intense interest from a national standpoint.

"The state of New York is already lost to the Republican party in the approaching campaign, and if the encouraging example of the Democracy of Greater New York in sinking minor differences and uniting under the broad banner of Democracy, as followed by Democrats everywhere, as I believe it surely will be, the Democratic party will be invincible when lined up for the presidential battle."

"No professional politician ever announces his candidacy for the office he covets. Mr. Roosevelt's inability to keep his hands off indicates to many the purpose of a stampede in the convention to overthrow his declaration that he would neither seek nor accept a nomination. The President is even now said to be declaring to his immediate surroundings friends that if the Chicago con-

meeting preceding the examination referred to at the Southern Hotel, but that he did not even recognize her when she appeared for examination. "Her husband," he said, "is Meck's right hand man."

Mrs. Dollinger the star witness in the Meck investigation, substituted in this city last spring for one of the High school teachers. She was a striking woman, and became quite well acquainted during her short residence in this city.

Later she filed an application with the Board of Education and asked for a position as one of the teachers of the High school for the term of 1908. The board did not appoint her as there were many applications previous to hers.

CHINAMEN

ARE EXECUTED FOR THE MUR- DER OF A FELLOW COUN- TRYMAN.

Authorities Were Looking for Trou- ble and Took Precautions to Prevent Outbreak.

Philadelphia, Pa., March 10.—With extreme precautions taken by the authorities to prevent any outbreak which would prevent their execution, Mock Kung and Jun Jow, were hanged here today for the murder of a fellow countryman. Rumors had been current that Chinamen from Boston and other cities were flocking to this city and would attempt to prevent their countrymen from being hanged. To prevent any contemplated outbreak the authorities placed guards of police around the prison.

INSANE FARMER

RESIDING IN MIAMI COUNTY KILLS HIS WIFE AND BABY WITH AN AX.

After Completing Awful Deed He Goes to the Barn and Hangs Himself.

Arcanum, O., March 10.—David David, 38, a farmer living north of Laura, Miami county, while temporarily insane, this morning killed his wife and one year old child, with an ax and then tried to kill himself with the same instrument, but failing, went to the barn and hanged himself.

LAST MEXICAN VETERAN DEAD.

Findlay, March 10.—George Stine-man, the last Mexican war veteran in this county, died here Monday at the age of 87 years.

PERRY BELMONT SAYS NEW YORK IS LOST TO REPUBLICAN PARTY

Washington, March 10.—In a prepared interview Perry Belmont, the well known Democrat and former member of the House, said: "There will be no genuine Republican this year. It has already degenerated into an officeholders' convention, and I do not know what particular officeholder the officeholders' convention at Chicago will nominate. It looks now like Mr. Taft, whose attractive personality and conceded qualifications are called upon to bear an almost crushing handicap. Governor Hughes and Secretary Taft have devoted their lives to their profession—the law. Neither is a politician; both have been prematurely forced into candidacies for the presidency—and weakened thereby in their respective stances by Mr. Roosevelt.

"The state of New York is already lost to the Republican party in the approaching campaign, and if the encouraging example of the Democracy of Greater New York in sinking minor differences and uniting under the broad banner of Democracy, as followed by Democrats everywhere, as I believe it surely will be, the Democratic party will be invincible when lined up for the presidential battle."

They went to the attic to investigate and upon opening the door, were met by a rush of flames. Both professors suffered the loss of eyebrows and hair but were not seriously burned. A defective flue is supposed to have caused the blaze.

ENGAGES PASSAGE

PRINCE HELIE DE SAGAN SAILS ON WEDNESDAY FROM CHERBOURG.

Will be Accompanied by Mme. Anna Gould—Are They Married?

Paris, March 10.—Prince Helie de Sagan has engaged passages for himself and Mme. Anna Gould on the Kronprinz Wilhelm, which will sail from Cherbourg tomorrow for New York. This bears out the story that the prince and Mme. Gould have been or are about to be married.

REFUSES

TO TELL NAMES OF BANKS IN WHICH HE HOLDS STOCK TO COMMITTEE.

TREASURER ON RACK

Cashier Green, Republican Nominee for State Treasury, Also Involved. Bad State of Affairs.

Columbus, March 10.—State Treasurer McKinnon Tuesday refused to tell the senate investigating committee the names of banks in which he held stock. Asked by Senator Howe, whether he was a stockholder in any banks that held state deposits, he answered that he was.

"What banks?" asked Senator Howe. Treasurer McKinnon replied: "I do not know what business of yours it is to ask."

Later, to a similar question McKinnon replied point blank "none of your business." Then turning to Cashier Green Senator Howe asked: "Have you stock in any bank?"

"Yes, in two or three."

"What banks?"

"I do not believe you have any right to ask."

Green admitted some banks in which he held stocks held State funds, but took the same position as McKinnon, refusing to tell the names of banks in which he held stock.

During the investigation, McKinnon exclaimed: "I do not think it any more improper for me to be interested in banks that hold State funds than I do for senators and representatives and officials higher up to ask that state funds be deposited in banks in which they are interested."

Asked to name members of the general assembly who made such requests, McKinnon refused to tell, further than to say that members of the present legislature had made requests and that some of them had been complied with.

Senator Howe asked why checks aggregating \$30,000 for interest received last month had not been deposited. "You know the reason as well as I do," said Green. "I have been very busy and I have been trying to carry on the campaign."

"Meanwhile the state has been losing interest," asked Howe.

"Yes, sir," answered Green.

McKinnon only gave the name of the Columbus Savings and Trust company as a bank where he held stock and which has state money. He refused to name any other banks. To a question by Howe, McKinnon replied: "Oh, I know what you are driving at. You have made charges in the senate that I was loaning money to banks in which I was a stockholder at a less rate than I have to other banks. It is an absolute falsehood."

NIGHT RIDERS STILL BUSY

Louisville, Ky., March 10.—One hundred night riders captured the town of Birmingham, in Marshall county, early today, shot six negroes, one fatally, and whipped five others. The action followed repeated warnings to negroes to leave. The riders were masked and shot into every negro cabin.

SUNDAY

Base Ball May Be Voted On Accord- ing To Bill

IN OHIO LEGISLATURE

Municipalities Can Then Decide The Vexed Question

Interesting Question Raised --- Passage of Bill is Problematical ---Why Game is Favored!

The Ohio legislature has a new stunt and if it carries, local option may be the next kink thrown into the fans of the Buckeye state. A bill has been prepared and it may be introduced within the next day or two, giving municipalities the chance to decide by vote whether or not they will have Sunday baseball.

That the Sunday baseball law cannot be enforced in the face of public sentiment is generally conceded, for Sunday baseball has long been looked upon as a moral institution. Many an old man and a young man too, has been lured away from improper places through their desire to see the greatest of all games, and the cleanest possible sport.

Then there is another side to be considered. Many men, lovers of the game, cannot afford to lose a half day to see the sport, for the time lost means money lost and as a result just that much food and clothing is taken from their family. While there are arguments, and good ones too, against the Sunday game, yet the more liberal of the people see in it a pleasant way of spending a Sunday afternoon.

Ladies are usually in attendance, the shop girls who are kept close all week by their work, find in the game a mode of recreation clean and wholesome. The average baseball fan is a gentleman, and rowdism and profanity is seldom heard at a ball park. The players and the directors, always men of the highest caliber, will not tolerate roughness of any sort and fights at ball games are of a rare occurrence.

One legislator favors leaving the subject to the people, while others would eliminate the word "baseball" from the law now covering Sunday amusements. It is problematical what will become of the baseball bill, but it raises an interesting question.

TWO DAYS

Given China by Japan to Answer the Mikado's Ultimatum—Will Try to Arrange Terms.

Pekin, March 10.—The Japanese minister, Baron Hayashi, has given the grand councillor of the empire, Yuan Shih Kai, two more days to answer the Mikado's ultimatum concerning the surrender of the Tatsien Maru and indemnity for its seizure. China is doing its best to arrange terms with Japan by which it may "save its face."

MOTHERS' CONGRESS

SAYS THERE WILL BE LITTLE TROUBLE

WU TING FANG.

Chicago, March 10.—On his way through this city to Washington, Wu Ting-fang said concerning the political situation in the Far East:

"There is, of course, some local friction between the Chinese and Japanese, owing to the evacuation of Manchuria by the Japanese and the taking possession of that country by the Chinese. The Chinese Viceroy ruling in Manchuria probably has found it necessary to refer certain matters to the Chinese Foreign Office for arrangements with the Japanese. But the local differences between two people offer no reason for trouble between two nations."

"TAFT OR TEDDY" THE CHOICE OFFERED TO REPUBLICANS

New York, March 10.—A Wash- ington dispatch to the Times says:

When ex-Senator Stewart, of Nevada, came out of the White House the other day and remarked, "Boys, it's Taft or Teddy, and you can take your choice," not much importance was attached to the declaration. But since then the remark has been repeated in quarters which cannot be overlooked. Some of the outside politicians who have visited Washington in the last few days have been told authoritatively that there is just one man with whom they could prevent the renomination of Mr. Roosevelt, and that man is Secretary Taft.

That means, of course, that if delegates are selected with a view to defeating the Roosevelt policies, the very thing which the anti-Roosevelt men are most opposed to will be the thing that will happen. In other words, if Mr. Roosevelt finds that Taft cannot be nominated he will take the nomination himself rather than see it go to any man who is not in favor of carrying out his policies.

It is broadly intimated by men close to the President that he will not stand by idly and see Fairbanks, Cannon, Hughes, or even Knox, nominated, partly because he does not believe any one of them could be elected, but more because none of them, with the possible exception of Knox would carry on the executive and administrative campaign he has marked out.

It is intimated, also, that he might stand for the nomination of La Follette, but has no notion whatever that it could be accomplished. The President is known to have been much interested in the recent sudden development in New York of the opinion that Taft is really a "conservative."

He regards that as an indication of the fact that New York is at last beginning to realize the true situation and to understand that if it wants to prevent his own renomination it will have to take a man acceptable to him.

INSPECTION ORDERED.

Tiffin, March 10.—Mayor Arnold has ordered Fire Chief Harris to make a thorough inspection of all the college, public and parochial build- ings of the city.

ATTEMPTS LIFE OF KING HAAKON

Christiana, Norway, March 10.—Admittedly attempting the life of King Haakon, a Swedish workman fired ten shots from the palace garden against the royal palace today. Several bullets smashed windows and buried themselves in walls inside. All members of the royal family were away at the time and there were no casualties. The palace guards succeeded in capturing the would-be assassin. He still had fifty ball cartridges and declared he was trying to kill his majesty. It is not known whether he is a terrorist or lunatic.

MAY AMEND THE ATWELL RESOLUTION IN THE HOUSE

Columbus, March 10.—The house committee on judiciary met last night to consider the Atwell initiative and referendum resolution. The session of the committee lasted for an hour or more and at the conclusion of the gathering the members declined to make any statements. It was ascertained, however, that an agreement to report the resolution out had been reached. The report will probably be made today.

There has been a radical change made in the resolution, though. From all that can be learned it is now made to read that a majority of the votes cast at an election are necessary to carry a measure and that no political party may place a measure to be voted on under a party emblem.

KING ALFONSO

GREETED WITH SPLENDOR AND WARMTH ON ARRIVAL AT BARCELONA.

Great Precautions Taken for Young King's Safety From Anarchists Swarming the City.

Barcelona, Spain, March 10.—Barcelona greeted King Alfonso with much splendor and apparent warmth today. From the moment of his arrival, however, the most elaborate precautions were taken to guard against an attempt at violence by anarchists with whom the city swarms. Every house along the route by which he passed from the railroad station to the Captain General's palace, where he will stop during his stay here, has been searched an hour in advance of the procession's arrival. Occupants were then warned to keep the doors and windows closed under a penalty of a volley at the first suspicious sign. The streets were lined with soldiers.

FIREMEN INJURED

IN BIG NEW YORK FIRE EARLY TODAY IN RETAIL SHOP- PING DISTRICT.

Immense Store of Siegel Cooper was Threatened—Inmates of Houses Have Narrow Escapes.

New York, March 10.—Fire which early today caused a loss of \$250,000 in the heart of the retail shopping district, injured twenty firemen, five of them seriously, and nearly caused the death of half a score of inmates of boarding houses and for a time threatened to destroy the immense Siegel-Cooper store. With the fire fighters balked and delayed by the bursting of a rotten hose, it required many hours to subdue the flames.

DESIRES

That Divorce Be Granted Her From Husband

THAW TROUBLES AIRED

Lawyers Deny Sensation- al Rumors--- Evelyn III With Grip

Former Actress Despondent And Denies Any Act of Indiscretion.

New York, March 10.—The first authentic statement in the matter of the domestic difficulties besetting Harry Thaw, in Matteawan Asylum for the Criminal Insane, and his wife, Evelyn Nesbit Thaw, in her home, 446 Park avenue, was given by Colonel Franklin Bartlett, who has been engaged by Mrs. William Thaw to assist in straightening out her son's troubles.

"The reports that have been printed to the effect that Mrs. Evelyn Nesbit Thaw has been shadowed for evidence in a divorce proceedings are without truth," said Colonel Bartlett. "Mrs. Thaw is inclined to be fair and just with her son's wife. In so far as I am concerned as counsel for the mother I would not use any such means as are suggested in these frequently printed stories."

"Mrs. Evelyn Nesbit Thaw desires a separation from her husband, and her husband hopes that there will be a reconciliation. There has been an estrangement between them."

Lawyer Dan O'Reilly, counsel for Evelyn Nesbit Thaw, denied in detail a story printed to the effect that Thaw has pounced on his wife when she last visited him, caught her by the throat and tried to strangle her.

Mrs. Evelyn Nesbit Thaw has been ill with the grip for several weeks. She lives alone, save for servants, in a comfortable home at 446 Park avenue. The lease on this house expires in April, and it is hardly probable that it will be renewed. Just how much money is provided for her husband or his mother is a question. She still has her electric brougham, and keeps up her house in good style.

Mrs. William Thaw is said to be willing to give her a lump sum when the courts deprive her marital rights, and this sum is said to be \$25,000.

Young Mrs. Thaw said:

"There has been no offer of any settlement made to me. I know nothing whatever as to the status of affairs. And neither have I demanded any settlement. I am absolutely in the hands of my counsel, and any information concerning my affairs must come from him."

"I do wish to deny, however, the story that Harry tried to choke me on the occasion of my last visit to him. That is a lie. It is also untrue that I contemplate a return to the stage. All of these stories, I feel certain, come from a source hostile to me. They are like the stories of the detectives who have been following me. Anybody is at liberty to watch every move that I make. So careful have I been that I have kept a record of all my movements since Harry's trouble, and I defy any one to prove a single act of indiscretion against me. I do not know what I am going to do, and I scarcely care any more."

If Evelyn Nesbit Thaw is forced to return to the stage, it will probably be as a star heading her own company in a production written especially for her that will give her a chance to display both her beauty and histrionic ability to the greatest advantage. It became known today that the heroine of the Thaw-White tragedy has received an offer of this kind which "looks good" to Evelyn in the event of her being cast off by her husband.

The Louis XVI Designs

When Louis XVI. succeeded to the throne of France there was another woman in the case. This was Marie Antoinette, whose tastes were exactly the opposite of those of her predecessor. She, too, was highly cultured in matters artistic, but she loved simple and dainty things, and the things that pleased her were more girlish. She too, had a will of her own which she exercised very freely. The rich hangings and tufted furniture and all the gold and glitter of Madame Pompadour, were torn out of the royal apartments and a new style sprang into being. The curved legs of the chairs became slender and straight. The ornate rococo medallion gave place to little baskets of flowers and bows of ribbons. Deep reds and greens were followed by dainty pinks and light blues. Wall paper manufacturers have succeeded in making very little which is more charming than their Louis XVI. wall papers. For a chamber nothing is better, and even for a parlor, where the furniture is in the proper style. The Marie Antoinette effects are always attractive and sweet.

The Lesson of the Eagle and the Weasel

The familiar story goes that once, when an eagle pounced upon a weasel and soared with it high into the air, the weasel fastened its fangs deep into the eagle's breast and commenced to draw its life-blood. The eagle tried to shake the weasel off, but the weasel hung on until the eagle fell lifeless to the ground.

NEWARK MAN

Secures Patent for an Improved Meat Tenderizer—Will be Marketed by Newark Novelty Co.

In the list of patents recently secured through the agency of Patent Attorney H. E. Dunham, of Wheeling, appears the granting of patents to J.

E. Snelling, of this city, on a meat tenderizer.

The recent patent was taken out March 1, on improvement over Mr. Snelling's invention of a few years ago. In 1898 he was granted a patent on a machine designed to take the toughness out of raw, sliced meat. Since that time, Mr. Snelling has been working on improvement of such a valuable nature as to make the machine nearly perfect in operation. It was on these improvements that he was granted the patent this year. A short time ago he sold his invention to the Newark Novelty Co., which will make arrangements to manufacture the machine and soon place it on the market.

A BOSTON MOTHER.

"Children behold this beautiful sight. I did the work while you sleep last night!" 'twas thus a Boston mother spoke, to her boy and girl when they awoke. She had painted the stairs and all the floors, the windows and woodwork and all the doors, the picture frames and all the chandeliers, two or three tables and all the chairs—All shone bright in the morning sun, and the mother was proud of the work she'd done. "How did you do it?" they wanted to know. "With Spartan Stain," was the answer low. Spartan Stain works so smoothly and evenly from the brush that it is a pleasure to use it. LENTEN SERVICES

Preached by Rev. Father O'Boylan at the St. Francis de Sales Church Wednesday.

The course of Lenten sermons preached by the Rector of the St. Francis de Sales church Wednesday evenings, embraces the following points and are drawing large audiences:

"We are all sinners but that does not excuse us from telling the truth. We are false teachers if we follow not the teaching of Christ. We can be saved from all sins by doing penance in the way Christ has established; but we can never do penance as long as we teach what is offensive to the Son of God. And no matter how good we may appear to the eyes of the world, we can never please God unless we do His whole will. But His will is expressed in these words, 'Hear the Church.' This and several other texts necessarily include infallibility. Infallibility includes the presence of the Holy Ghost. It is the fulfillment of the promise, 'I will send you another Paraclete, the Spirit of Truth, who will teach you all truth.' It fulfills the remaining part of the same promise. 'And I myself will abide with you forever.' If the church has not this principle of infallibility in all its fullness it is not fit to be the Kingdom of God on earth. It is not equal to the synagogue. It is not worthy of the wisdom of God. In short, it is a blind guide, and worse than useless. It is a mockery of God's dispensation; a bedlam and breeder of discord and destruction.

Those who compromise with Christ's divine plan to please everybody's fancy are the greatest enemies of truth. They make the mission and death of Christ as well as His Divinity a mere travesty, a delusion, a deceit and a blasphemy. Without an infallible guide Christianity is no better but in some respects worse than Paganism; and the preacher who fears to tell the truth, though he may be in other respects a very respectable man, yet, in relation to Christ, he is a traitor, a prevaricator, and a rebel. 'Though we, or an angel from heaven, preach a gospel to you besides that which we have preached to you, let him be anathema (Gal. 1-8). Nevertheless, truth is neither bigotted nor uncharitable.'

The EDISON PHONOGRAPH

THE young folks wander away from the home circle in search of music and entertainment. It is so easy to entertain them at home, better than they can be entertained anywhere else, and it is such innocent amusement, by means of an Edison Phonograph, which

furnishes music for dancing

gives all the new popular songs of the theatre and selections from the grand operas and concerts, and reproduces band music, the old ballads and love songs so perfectly that it is hard to believe that it is not the real music or voice to which they are listening. Parents owe it to their children to investigate the merits of the Edison Phonograph, and not confound it with any other kind of talking machine they may have heard.

Go to your nearest dealer and hear the new Edison model with the big horn, or write today for a catalogue describing it.

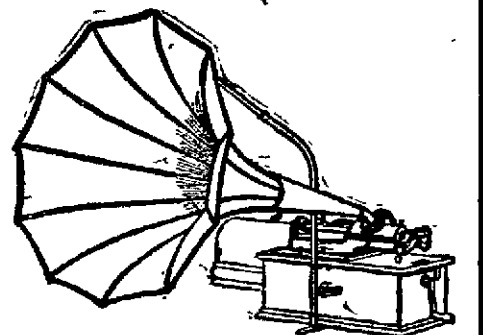

TO BUSINESS MEN: With an Edison Business Phonograph, you dictate your letters as opportunity affords; talk as rapidly or as slowly as you please and without interruption.

WE DESIRE GOOD, LIVE DEALERS to sell Edison Phonographs in every town where we are not now well represented. Dealers having established stores should write at once to

National Phonograph Company, 75 Lakeside Ave., Orange, N. J.

The American Talking Machine Company

Our Plan

We will send to any responsible person a genuine Edison Phonograph outfit, including 12 genuine gold-mounted records direct from our store to your home, without a cent to pay in advance. All you have to do is to give us your name and address. We will allow 48 hours free trial at your home, and in rural districts from five to seven days, if necessary for the convenience of our customers. Try the instrument in your home. Amuse your friends and acquaintances. Laugh at the Minstrel Dialogs. Dance with the stirring waltzes. Play all the tunes that will be supplied with the instrument, and then if you do not care to keep this Edison outfit send the instrument back at our expense. We will charge you absolutely nothing for the trial.

The Born Steel Range

THIS remarkable range is known the world over for its wonderful cooking and baking qualities and is the range selected by careful thinking housewives. These are just a few of the great features of this great range:

Adjustable fire stop—make it possible to use any kind of fuel.
Flash reservoir next to the fire—you can have hot water when you want it.
Direct damper operated from the front—easy to reach—and right where it should be.

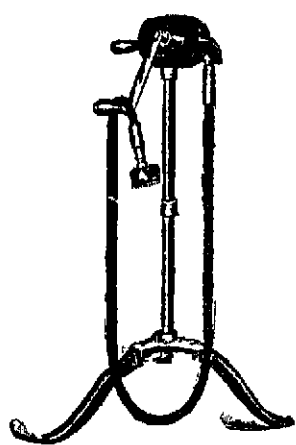

Patent removable, non-warping, oven bottom—always smooth and level.
A kicker feed door, which can be opened or closed by a slight pressure of the foot—you don't have to burn your fingers.

Q The Born Steel Range has many more distinctive strong points that we will be glad to show you—if you will give us the chance. Q The Born Steel Range, in the world was built by Born over a quarter of a century ago. Each year the range has improved, and it is today the most successful stove for sale anywhere—by anyone. Q We can prove absolutely every statement we make—and show you the proof. We would like to show you whether you buy or not.

New Phone Directory.

The Newark Independent Telephone Company's new directory is now being distributed among the subscribers. The 1906 directory is the largest ever published for this company, five tons of paper being used in the publication. The directory contains the names of over 5,100 local subscribers as well as all of the independent phone subscribers in Licking county. Farmer line subscribers may secure copies of the directory by calling at the exchange on North Third street over the Western bakery.

"Snake" Remains.

Mr. "Snake" Black, who for a number of years has been the "Venerable Artist Pedes" at the barber shop recently sold by Mr. Sam Forsythe, has with great difficulty been prevailed upon by Mr. Louis Bader, the new proprietor, to remain at the head of the shoe shining department. Mr. Black has supplemented his former outfit with a new stand, consisting of three luxurious chairs and their appointments, and together with his ambidextrous assistant, Mr. "Buck"

PISO'S

Consuming Consumption

even in its most insidious form is not always incurable. The first intelligent step in the treatment of the disease is to stop the violent paroxysms of coughing which tear the lungs and enfeeble the system. PISO'S Cure has permanently cured many consumptive coughs, as shown by court testimony because its antiseptic, healing and soothing qualities act directly on the lungs and bronchial passages, stopping the coughing and gently healing the lacerated tissues. Even the most advanced consumptive coughs have been quickly cured by PISO'S Cure, which being absolutely free from opiates or habit-forming drugs is the ideal remedy for every form of coughs, colds and bronchitis in young and old. For nearly half a century PISO'S Cure has been demonstrating that the most advanced form of chest affections.

Be Careless.

In a front door of a restaurant today appeared a sign which read: "Nice fresh paint; be careless." The sign was the work of a practical joker and caused a great deal of laughter before it was discovered.

Will Leave for Mexico.

Next Tuesday John Tucker will leave with quite a number of the residents of Licking and adjoining counties for Los Vegas, N. M., the new El Dorado of the Southwest. They go with the intention of investing in land.

Services at Nashport.

Rev. E. E. White, who conducted services at the Nashport Baptist church two years ago, will again conduct services there, commencing on the evening of March 24. He will be sent by order of the Ohio Baptist conference.

Police Have Quiet Time.

The police business for the last few nights has been very quiet for all the men who made Newark their working ground for some time, seem to have transferred their operations to other places. Only one drunk was in police court this morning.

Association Incorporated.

The Newark Theatrical Association, No. 83, a local branch of the Theatrical Mechanics' Association, was incorporated in Columbus, Monday, by Frank A. Belton, Charles Adams and others. The local organization was completed on Sunday, March 1, and now bids fair to build up a larger membership than any similar organization that has ever existed here.

Fell From Roof.

Jack Vertz, 37, a carpenter residing north of the city, fell from the roof of the Abram Flory residence, North Eighth street, Tuesday afternoon and sustained severe bruises. Crisis Bros. & Jones' ambulance hurried the man to the offices of Dr. Barnes and Dr. Shirr, where examination showed that there were no bones broken. The man was working on the roof at the time.

Attending State Convention.

A delegation from the Newark lodge, Royal Neighbors, went to Mansfield Tuesday afternoon over the B. & O. to attend the state convention of the order, which is being held there this week. The party consisted of Mesdames Lulu Morrison, Minnie Sherburne, Mattie Graef, Martha Graef. The party was met here and accompanied by delegations from Circleville, Good Hope and Chillicothe. On Wednesday the Newark team of the order will go to Mansfield and exemplify the work before the convention.

The resolution of the New York Republican State Committee endorsing Governor Hughes for President also embodied a sort of panegyric on Roosevelt and associated his name with that of McKinley in a sort of composite eulogy of both. There is something so peculiar in this Republican joint adoration of McKinley and Roosevelt that it causes a puzzle in the public mind. Roosevelt gained the fame for which he is lauded by the efforts he has made at "busting" the trusts, which grew to their gigantic proportions under the benign McKinley. Almost in the same breath one is paid great tribute for promoting the trusts and the other for "busting" them.

The soup houses instituted this winter to feed the unemployed in the cities comes under a Republican administration with both branches of Congress Republican. Republican papers are not saying a word, but how they would howl with indignation were a democratic administration in power.

The full dinner pail has been battered almost out of resemblance during the past "prosperous" winter of Roosevelt's administration.

On Monday, February 24, Congressman W. A. Ashbrook made a speech in the House on the question of the removal of the tariff on wood pulp. His remarks attracted considerable attention and elicited many compliments from older members. Mr. Ashbrook read certain resolutions adopted by the executive committee of the National Editorial Association of the United States at a meeting held in Washington, January 27, demanding that the tariff on all wood pulp, printing paper and all materials entering into the manufacture of printing paper be immediately removed. This is the demand of the publishers of 10,000 daily and weekly papers of the United States. This association is composed of publishers of all political parties. It is not only a Democratic demand, but Republican publishers are also impatient for a revision of the tariff. In fact there is a strong demand on the part of the people for the removal of the present high tariff wall.—Ohio Democrat and Times.

GEN. ISAAC R. SHERWOOD CAN HAVE NOMINATION SAY LEGISLATORS

The Toledo Blade, the leading Republican newspaper of Northwestern Ohio, is manifesting indignation at the boss rule that prevailed at the late Republican State Convention by which the state of the bosses for State offices was forced upon the voters of the party. The Columbus correspondent of the Blade sends the following dispatch to his paper regarding the proposed nomination of General Sherwood for Governor by the Democrats: Columbus, March 10.—If General Isaac R. Sherwood of Toledo, will accept the Democratic nomination for Governor of Ohio he can have it without serious contest. Such is the opinion generally expressed by Democratic members of the senate and house of representatives.

General Sherwood has bulged into prominence in congress, which gives him prestige. Moreover, he is not allied with either the Johnson or Garber factions of the Ohio Democrats, and members of the assembly say that only a new leader will be able to win for them even a partial victory. Representative Lehman of Sandusky county, declared unqualifiedly for Sherwood yesterday. He expressed the opinion that it would be wise for the Democrats to go outside the factions and put an old soldier against Governor Harris, who will probably be the last of the civil war governors.

Other prospective candidates for the Democratic nomination for governor are John C. Welby and Albee Fournere of Canton; Judge B. F. McGinn and Dayton Clark of Dayton; Judge Michael Donnelly of Napoleon; Congressman Dennis Donovan of Deshler and William R. Nevin, mayor of Bellefontaine.

For lieutenant governor, Representative E. S. Wertz of Wayne county, has declared himself a candidate, and Mayor C. J. Bowlin of Springfield has also been suggested.

For supreme judge, Hon. Henry W. Seney is mentioned, and would prove a likely candidate unless Gen. Sherwood should be nominated for governor.

For auditor of state Bert S. Bai-

WORTHY FAMILY IN GREAT NEED

The family in question is composed of a father, mother and eight children. The father has been sick in bed for the last two months, as a consequence the family has been reduced to actual suffering for the necessities of life. This family is honest and industrious and uncomplaining. Their need was discovered, not told. To keep this family the members of the Fifth Street Baptist church and any others who will, are requested to bring with them to the church on Wednesday evening a donation of groceries. A special feature of the meeting will be the ordination of two deacons recently elected.

IT SAVED MY LIFE—WRITES ECZEMA PATIENT.

Bed-ridden Sufferer Completely Cured by Use of D. D. D. External Wash.

One of the most remarkable Eczema cures recently credited to the well known D. D. D. Prescription has just been recorded in Chicago.

Mrs. E. Hegg, 1550 West Madison street, under date of December 9, 1907, writes as follows:

"I suffered three years with Weeping Eczema. It started with a little spot on my knees and spread fast over my whole body. I spent hundreds of dollars and went to every good doctor I heard of, but kept getting worse. Nothing would stop the awful itch and burning.

"I had to stay in bed from the middle of May to the middle of July. Then I tried D. D. D. Prescription. This is the 9th of December and I am entirely free from the terrible disease. D. D. D. saved my life.

"When I began this treatment, people were afraid of me I looked so terrible. My husband was the only one who would take care of me. D. D. D. stopped the itch at once so I could sleep, which I had not done before. Then I began to get better fast and now my skin is clear and white, not a spot anywhere."

Just a few drops of D. D. D. Prescription applied to the skin brings relief—nothing to swallow or drink. We vouch for D. D. D. Prescription, also the cleansing D. D. D. Soap. Frank D. Hall, druggist, North Park Place, Newark, O. Get a bottle today if you have any skin disease. Begin your cure at once.

FOREIGNERS

Get Lost and Locked Up—Officer Thought They Asked for Lodging.

Newark is generally regarded as one of the smaller cities of Ohio, but just the same people have frequently gotten lost here, and two able-bodied men got badly twisted in their bearings last night and as a result visited Turner.

The men, foreigners, had been in West Newark visiting friends, and took their course for the North End when they started for home. At least they thought they did, but instead they brought up over in East Newark. They failed to recognize anything familiar and wandered around helplessly for several hours until they met Officer Shively. Now Mr. Shively is a good man when it comes to arresting a man in English, but when it comes to some of the foreign languages he, like most of the other officers, is up against it.

So instead of directing them as they requested, he thought they asked for a night's lodging, which was peculiar for they were well dressed, but he locked them up at Hotel Swank. They were released this morning.

LARGE DELEGATION

(Zanesville Woodmen Visit Newark Brothers and Initiate Number of Candidates.

Ninety-six members of the Zanesville lodge of the Modern Woodmen of America, were guests of the local lodge Monday night and put on the work here in the initiation of a number of candidates. The visiting team went through with the work splendidly and won much praise from the local lodge. A splendid luncheon was served.

Case Dismissed.

The case of the State of Ohio vs. Samuel Holton, charged with petit larceny, came up in the Probate court Tuesday for trial. The defendant was present but the prosecuting witness did not appear against him. On motion of acting Prosecuting Attorney Jones a nolle prosequi was entered and the case was dismissed as the prosecutor did not think there was anything in the case beyond unfounded suspicion. This will be good news to the many friends of the young man who has always sustained an excellent reputation.

Charged With Assault.

M. F. Spicer, who was arrested by John Sanda, a foreign interpreter, on the charge of assault and interfering with an officer in the discharge of his duties, was required by Justice Holton to enter into a recognizance in the sum of \$50 for his appearance in court next Monday morning.

Brain and Body Builder

Mr. John Adams, 94 years old, of Gardner, Me., enjoys health and vigor of both Brain and Body.

"I write to say that Duffy's Pure Malt Whiskey helped me very much in a severe bowel complaint, from which I suffered for more than a year, and to express my deep thanks for the relief I feel. I enclose \$2.00 for two more bottles. I am so grateful for the strength of mind and body your remedy has given me that I am inducing all my elderly friends to try it if they wish to enjoy a good appetite, good sleep and good health. You may use this communication for the benefit of the public if you wish. I am almost 94 years of age. With the warmest of wishes for the success of Duffy's Pure Malt Whiskey, I am, John Adams."

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a purified liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

Sold by druggists, grocers and dealers, or direct. \$1.00 per bottle. Write Dr. Curran, Consulting Physician, for free illustrated medical booklet containing a few of the many convincing testimonials received from grateful men and women who have been cured, and free advice. MAKES BLOOD PURE

Valuable Prescription To Make Home Remedy, Said To Be Very Fine and Harmless.

A leading health journal, in answering the question, "What is the best prescription to clean and purify the blood," prints in a recent issue the following: Fluid Extract of Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces. Shake well and use in teaspoonful doses after each meal and at bedtime.

A well known local druggist who is familiar with this prescription states that it is harmless, being composed of simple ingredients which can be obtained from any good prescription pharmacy.

It cleans the blood of all impurities and nourishes the blood. In just a few days the skin begins to clear of sores, boils and pimples. It puts vigor and energy into run-down, debilitated men and women. For many years Sarsaparilla alone has been considered a good blood medicine. But while it built up and made new blood, the impurities remained within and the good accomplished was only temporary. Sarsaparilla, however, when used in combination with Compound Kargon and Extract Dandelion works wonders. This combination puts the kidneys to work to filter and sift out the waste matter, uric acid and other impurities that cause disease. It makes new blood and relieves rheumatism and lame back and bladder troubles.

This prescription is better than the usual patent medicines, which are in the most part alcoholic concoctions. The ingredients cost but little and are easily mixed at home. Every man and woman here should make some up and try it if they feel their system requires a good blood medicine and tonic.

The Kargon to clean the kidneys and vitalize them so they can clean the blood, Sarsaparilla to make new rich blood, and Dandelion to tone the stomach, clean the liver and make it active and relieve constipation is the way the prescription acts and so mildly and gently that one does not consider they are taking a medicine.

OBITUARY

MAURICE PICKETT.

Maurice Pickett, a well known resident of Licking county, died at his home near Hanover, Tuesday at 10 a. m. Mr. Pickett had been ill since January, suffering with tuberculosis of the bowels and diabetes. He is survived by Mrs. Pickett, three daughters, Eva, Freda and Frances, and two sons, Leo and Charles, all residing at home.

The deceased was a devout Catholic, being a member of the Church of the Blessed Sacrament in East Newark.

MISS ELIZABETH VAN HORN.

Miss Elizabeth Van Horn died suddenly at the home of her parents in Columbus this morning. She was the only daughter of Mr. and Mrs. Arthur Van Horn and leaves beside her parents three brothers and a host of friends.

She has relatives in this city and also a large circle of friends who will be pained to learn of her death.

HARRY GRIFFITH.

Granville, March 10—Harry Griffith, son of W. W. Griffith of this place, died Tuesday morning at 6:15 o'clock after a lingering illness of Bright's disease of the kidneys. He was born in Granville township June 22, 1890, and had always lived in Granville and Granville township. He attended the Granville public schools and after leaving school became an employee of the Granville Times. For the past year he has worked in the Wehrle foundry at Newark. He was a member of the Methodist church. He is survived by his father, one brother and three sisters. The funeral services will be held at the home on North Granger street Thursday afternoon at 2 o'clock, conducted by the Rev. W. H. Miller, and the interment will be made in Maple Grove cemetery.

CARD OF THANKS.

We desire to thank Mr. J. O. Cooksey and family, friends and neighbors and the L. O. O. F. for their kindness during the illness and death of our brother, W. O. Gerhart, also for the beautiful floral offerings. Brothers and Sisters.

CARD OF THANKS.

We desire to extend our heartfelt thanks to the many friends and neighbors for the manifestations of their kind remembrance toward our beloved boy, Wm. O. Gerhart, during his sad illness and death which occurred last Sunday evening at our home, where he had been loved and cherished from early childhood. We also desire to thank the Odd Fellow brotherhood and especially the Canton brothers for their loving kindness and beautiful floral displays. Mr. and Mrs. J. O. Cooksey.

Tellus, March 10—Judge Brought in Common Pleas court Monday issued an order releasing from jail R. C. Lovatton, R. A. Beard and Joseph Miller, the three men sentenced to six months' imprisonment for violation of the anti-trust laws. The men had served 27 days.

SUFFERING

WAS MORE THAN SHE COULD BEAR AND MRS. KEIM ENDS HER LIFE.

Had Been a Sufferer From Asthma for Several Years and Mental Depression Resulted.

Mrs. Mary Keim, aged 32, the respected wife of Hommel B. Keim, a local B. & O. yard brakeman, ended her life Tuesday morning at 1:35 o'clock at her home, 423 Maple avenue, North Newark. Mental depression resulting from intense suffering with asthma is assigned as the cause.

Mrs. Keim had been a sufferer for several years, having had three or four attacks of the disease each year. The most severe of these attacks terminated in her sad death. Relatives assert that the woman had not slept for six days and nights and the only nourishment she could take consisted of a morsel of fruit now and then, and a few glasses of milk.

Monday night the woman's suffering was intense. Dr. S. G. Richards was summoned at 5:30 and endeavored to relieve the young woman's suffering, but at 8 o'clock he returned and remained until 10 o'clock in an effort to bring relief. At shortly after 1 o'clock in the morning, Mrs. Keim asked her husband to call the physician again, and during his absence she took a quantity of the deadly acid. When the husband returned, accompanied by the physician, whose residence is directly across the street from the Keim home, Mrs. Keim was past aid.

The deceased is survived by her husband, to whom she was married three years ago in Zanesville, having formerly been Miss Mary D. Wilson, of that place. She leaves one brother and one sister, both residents of Zanesville. They are Harry Wilson and Mrs. George Blockson. Her mother also resides in Zanesville.

The funeral will be held at the late home Thursday at 2 p. m., the Rev. L. C. Sparks of the First M. E. church, officiating.

Rank Foolishness.

"When attacked by a cough or a cold, or when your throat is sore, it is rank foolishness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, of Empire, Ga. "I have used New Discovery seven years and I know it is the best remedy on earth for coughs and colds, croup, and all throat and lung troubles. My children are subject to croup, but New Discovery quickly cures every attack." Known the world over as the King of throat and lung remedies. Sold under guarantee at F. D. Hall's Drug Store, 50c. and \$1.00. Trial bottle free.

ILLUSTRATED LECTURE

The second of the series of Travel Talks given at the Y. M. C. A. was a very interesting and instructive affair. A very good crowd was present. The Indians of New Mexico and Arizona was the subject of the lecture and the trip to these interesting people was highly enjoyed. The 100 colored slides used in illustrating the lecture were real works of art and well worth twice the price of admission. The manuscript which was read by Rev. Lewis P. Franklin, was prepared by Prof. F. I. Monsen, an Indian explorer and traveler. It was very entertaining and as good as any high priced travel lecture.

The next of this series will be given Monday night April 6, when the audience will be taken to the beautiful city of Washington and visit the many places of interest at our national capital.

A Simple Cough Cure Home-Made

Here is a simple recipe that is a good thing to put out and paste in your scrap book. It will make one pint of the most effective cold and cough remedy that any physician could give you. Here it is:

Granulated Sugar Syrup, 13½ oz.
Pinex..... 2½ oz.

The Syrup is made by heating and stirring Granulated Sugar and Water. The 2½ oz. of Pinex may be had of any good druggist at a cost of 50 cents. Mix in a pint bottle. Shake well, and take a teaspoonful every one, two or three hours as required.

Pinex might be called the concentrated ozone of the Norwegian pine forests, famous for centuries in curing consumption, asthma and kindred membrane diseases. It is, as a matter of fact, the purest and most concentrated form of compound extract of Norway white pine tar.

There are many pine tar or pine oil preparations, but none of these are to be compared with the pure Pinex itself. All druggists have it or can get it easily if requested to do so.

DOPE FOR FANS

Billy Smith of last year's New Castle team, denies that he has signed with Zanesville.

Rube Bowers is dissatisfied with the terms offered him by Manager Armour of Toledo. The Rube hasn't signed yet, and says he won't unless Armour holds out a bigger temptation.

No deal with the Cubs will be made at present by the Reds. Murphy wanted Kane and Pearce and \$5000 on the side for Howell and Zimmerman, and Manager Gangel could not see it that way. Murphy has been notified to keep his men.

President Quinn states that the largest mileage that any team in the Ohio State league has is about 3100 miles. The lowest is about 7200. This is to be pooled, as are the receipts for all the holiday games to be pooled.

Homer (Blink) Mock has signed a Lancaster contract and will try out with the team this spring. Mock was formerly with New Castle and the latter part of last season was with Youngstown.

According to the Sharon Telegraph considerable trouble is being experienced in securing several of the players to sign their contracts. Manager Patterson has found it necessary to make several small cuts and the players have not taken kindly to the matter.

WAIVER SEASON ON.

The "waiver season" is now on in baseball, and during the next 30 days the hopes of over a hundred young ball players to get a trial in the major leagues will be shattered. It will be "back to the minors" for at least another year with many a promising young player. The club owners have already asked for waivers on more than 70 of the "phenoms". In almost every instance it is an easy matter to get the waiver and sell the release of the player.

FIVE TIMES A WINNER.

Marion O. March 10—With but four or five weeks remaining before the players report here, the outlook is especially promising for a most successful season. O'Day is manager of winning clubs. He has been at the head of five winners and says he does not see why Marion should not be the sixth winner. He is a hustler and will get work out of the men. It will be a case of "play ball" or get out" with O'Day. The manager will report about the 25th of this month and on April 5 about 30 players will report to the manager here.

BILL VALUED AT \$200.
The third cost the Decatur club of Bill Dittmer just \$200 to get manager of the w. who has signed to join. He is a former club, from Marion, and that club reserve at to let him go without does not intend Decatur people will do. The manager with the necessary sim. come get Bill's release.

SCHEDULE

OF OHIO STATE LEAGUE PRINTED TODAY GIVES NEWARK GOOD GAMES.

SEASON OPENS HERE

And Last Game Also Played at Wehrle Park—Eleven Sunday and Three Holiday Dates.

The official schedule of the Ohio State league is published today and the fans can now get busy with their pencils and figure out the pennant winner to suit themselves. One thing is noticeable, Newark fared very well in both Sunday and holiday dates, and some nice strings of games will be played at Wehrle park.

Eleven Sunday games are given to Newark, Lancaster and Lima, while Springfield, Mansfield and Marion draw ten Sunday games. The holiday dates are well distributed, the Molders getting the morning game, Decoration day, and both games Labor day. Besides that the season opens and closes in Newark.

The directors of the local club are very well satisfied with the schedule as drawn up by President Quinn and ratified by the managers from the different cities. Taken all the way through the schedule as it stands is more satisfactory than the schedule of last season, for then there were some big jumps and the teams were forced more than once to double on their own tracks.

The publishing of the schedule means that the time for reporting is daily drawing closer, and the time can't come too quickly for the fans who have been watching the buds on the trees, and figuring as best they could whether there would be another snow or not.

Go ahead and in your fanning back talk over the results of last year, and the prospects for the coming one, for before long you will be able to argue the results of the day and show this and that play should be made.

before long, and will be able to give points on players that he failed to give in his letters to friends in Newark. He is still at one or two twirlers that he says can heave the leather over the plate in a manner truly wonderful.

An effort was made to land Billy Henderson of Mt. Vernon, a clever shortstop, that has played with Evansville and who last season did stunts around the second bag for Grand Rapids. Billy wants to come to Newark and tried to get his release from the Micaigan town, but there was nothing doing and he will play there again this year. He would have been a valuable addition to the infield for he was hitting over .280 and his fielding was the kind that made the duffers of Detroit use his name in the head lines more than once.

TOLEDO'S DOPE

One can always learn something new and interesting from the sporting pages of the Toledo newspapers. For instance, Bobby Quinn will be surprised to know that he has been walking in his sleep annexing territory to the Ohio State league, for which he has just prepared a schedule for publication. "Here is what Bobby has been accomplishing while in a somnambulistic state, according to the Toledo Times:

"President Quinn of the new Ohio State baseball league has decided to complete his circuit by adding Huntington and Kokomo to the present lineup. Both towns have had a reputation as being good ball towns."

It is a little early for the pipe in Columbus, but it is lit all the year around in Toledo.—Ohio Sun.

PEARCE LOOKS GOOD TO GANZEL

Catcher Pearce furnished a pleasant surprise to Manager Gangel when he appeared at headquarters early Saturday morning. His nickname of Rummy had created the impression that he had been on the rabbit plan. Nothing to it. He stands a good six feet in his lissie threads; has a noticeable pair of athletic shoulders, and looks every inch a ball player in appearance at least; he is the ideal catcher, built on the order of John Kling. He graduated from the Culver Military academy in Indiana, in the class of 1903, and at that time had no idea of entering the professional ranks. He had earned quite a reputation as a catcher while in college and his friend, Pitcher Bob Berryhill persuaded him to join the Evansville team the following year. He made good all right, but early in his career he was hit in the head by a pitched ball from the hand of Pitcher Somers and badly injured. He was unconscious for 16 hours, and the injury interfered with his playing for two seasons. Last year, however, he regained his best form, and was a tower of strength to the Newark club.

Third Baseman Writton of Newark, who was showing Bunny the sights of Cincinnati, said of him: "He kept our club up in the race all the time, and I believe he was the most valuable man we had. I am confident that he will make good." Pearce hit .297 last year—Cincinnati Enquirer.

LENA RIVERS.
Frank Burt's production of the dramatization of Mary J. Holmes' popular novel, "Lena Rivers" is the attraction at the Auditorium tonight. The great success achieved by this play indicates that it will be appreciated by all classes. In every theater where this production has been seen, capacity houses have been the rule for the play is one of those pure, sweet, wholesome stories which send everyone home good natured and with a stronger hold on the good impulses of life. There is so much good natured fun and so many little pathetic bits which force tears to the eye, but which are soon chased away by the many cheery smiles that follow. One of the brightest and most clever actresses on the stage, Miss Alice Kennedy, is this season playing the role of Lena. She is supported by a company of unusual strength and patrons can feel assured of witnessing a very pleasing performance.

OUR NEW MINISTER.

You have got to have the goods nowadays if you would get very far towards your fellow men's esteem. Denman Thompson and George W. Ryer's "Our New Minister," is the most successful rural drama now touring the big cities, because it is "the goods" in what's amusing and true and worth while in modern

drama. It is coming here again on Thursday evening, March 19.

ORPHUM THEATER.

The bill at the Orphum this week is certainly worth seeing. While it is a comedy bill throughout—with the exception of Kataro's clever Japanese balancing act—the comedy is of the right sort. New jokes well propounded, seems to be the rule this week, and especially does this apply to the excruciatingly funny musical act for which the Kingsburys are getting lots of credit. The negro character work is highly amusing, as introduced in the act of Williams and Leslie, and their topical songs will doubtless add materially to the week's box office receipts. Williams and Mayer form a well balanced team for comedy sketch work. The woman is good looking and a fair singer and the man is a comedian of no mean ability. Ira Haynes is singing a good song again this week and Manager Baum announces a feature motion picture film entitled "Cab No. 23."

A Cure for Misery.

"I have found a cure for the misery malaria poison produces," says R. M. James, of Louellen, S. C. "It's called Electric Bitters, and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at F. D. Hall's drug store.

RETIRED BUSINESS MAN FAVORS NEW THEORY

E. H. Lambert, of Everett, Massachusetts,
Believes Stomach the Seat of Life.

One of the most interesting statements made recently concerning the much discussed Cooper theory, that health is made by E. H. Lambert, a retired business man, whose home is at 115 Francis Street, Everett, Mass. Mr. Lambert has this to say in connection with Cooper and his medicines: "Some time ago I read an article about this man Cooper, in which he claimed that stomach trouble was directly responsible for most ill health. He went on to say that, although his medicine did nothing but get the stomach in sound condition, it would, in many cases, remove kidney and liver trouble and various other ailments. He argued from this that the stomach was the main cause of sickness, and stated that the success he has had with his medicines was due entirely to this fact. 'I am now fully convinced that this theory is correct, and believe Cooper has a really remarkable medicine, judging from my own experience. I have been a sick man for five

years. Three years ago I was told by a physician that I had Bright's disease of the kidneys. I have treated constantly for this trouble since, without results. After reading the article I have mentioned, I purchased some of this man Cooper's medicine. I have been astounded by what it has done for me. I was relieved to some extent within 24 hours. Today my health is better than for five years, and so far as I can tell, my kidney trouble has disappeared. 'My wife, who had stomach trouble for some time, tried the preparation after noting its action in my case, and her improvement is fully as marked as mine. She now eats heartily three times a day without any distress whatsoever. Her nervousness has also left her. I certainly believe this man's success is fully justified, as he undoubtedly has a wonderful medicine. We will gladly describe the remarkable record made by the Cooper medicines to all who wish to know of them. —City Drug Store.

NEW HIGH SCHOOL IS FIRE PROOF

Steel Stairs, Steel Lath, Cement Wainscoting and Tile and Cement Floors Add to Safety

Fire Escapes to be Erected at Fifth, Mill and Both Maholm Street Buildings—Stairs to Be Changed.

The new High school building, when completed, will be as near fire proof as any building in the state, for the Board of Education met Monday afternoon in a special session and ordered improvements to be made that will cost something over \$2000. The meeting was held at 4 o'clock in the office of Clerk Keller, and at roll call President Beggs, Clerk Keller and Members Fulton, Haight, Conrad and Christian answered.

The meeting was called for the purpose of taking action in regards to improvements in the new High school annex. Iron stairways will be substituted for the wood ones contemplated, the wooden wainscoting will be done away with and cement wainscoting in the corridors will be used.

Metal lath will also be used instead of the old fashioned wood lath. On the first floor the flooring will be of tile. Of course the joist and the original floor will be of wood, but on top of this there will be three inches of cement and on top of this will be the tile. And as the ceiling of the basement will be plastered and the steel lath used the first floor of the building will be as fire proof as it can be made.

Besides these precautions a fire escape will be erected and then too, there will be four or five modes of egress, so should a fire occur in the building the chance of danger to the pupil is reduced to the smallest proportion.

Fire escapes will also be provided for the Mill street and the South Fifth street school buildings, while the Maholm street schools, both the old and new will also have fire escapes built. In the new building on Maholm street, the inside stairways will be entirely changed to provide greater safety in case of fire. As the stairs are now arranged, both coming down the south wall and at the bottom of them there being only about 10 feet between them, a bad congestion might occur in case of fire.

These stairs will be torn up and built so that one flight will be near the east door and the other flight will end near the west entrance. As it is now both flights end in the center of the building facing the south entrance and directly over the furnace. Should a fire occur at this point the loss of life would probably be great. This change will be greatly appreciated by parents of children who attend this school.

A fire escape at the South Fifth street school is a great necessity, for the stairways are narrow and close together, and the board realizes that improvements must be made.

The boys in all the school buildings in the city of Newark open upward, according to Clerk Keller, who was interviewed by an Advocate reporter this morning. The one possible exception to this may be the Franklin school, and Mr. Keller was not sure about it. In this building, though, there is only one room being taught now and as there are only 25 pupils there, and that room is on the ground floor, there is practically no danger.

Mr. Keller also referred to a communication that appeared in the Advocate Saturday. This referred to the fire escape at the High school. Superintendent Simkins, in the fire accidents, in case of fire in the schools. There are two things that seem to me very important that I have not seen mentioned.

The first is, that the janitor ought never to leave the building while school is in session, unless some competent person take his place during his absence. In this way a fire could drill the other day, requested the girls to see if the heels of their shoes would catch between the iron slats of the fire escape, as reported in the communication.

The result showed that there was nothing to fear from this source. This particular fire escape was constructed by George Lane from plans furnished by the State Fire Inspector of Public Buildings. The janitors of all schools have been warned that all doors must be kept unlocked during school hours,

and that rubbish of all sorts must be hauled away and not put under stairways and in closets, as was found in one or two instances.

TEACHER

ought not be notified when fire drills are to be held.

Newark Lady Writes Interestingly of What Ought to be Done in Cases of Emergency.

I have read with great interest the opinions of different persons in regard to the best way of preventing not make much headway before it was discovered, as it would be his duty to be in the halls and basement and other parts of the building not occupied by classes.

And then, in justice to the teachers, I think they should be kept in ignorance of the time of having fire drills, so that they would be as well drilled as the pupils, otherwise how do they know what they would do in the real emergency.

We sit at home where everything is safe and think we could be cool and collected, but we do not know what we would do when the real crisis came. A recent graduate said to me: "Once when we had a fire drill they had failed to notify our teacher. When the alarm sounded, we pupils thought it was the usual fire drill and were not excited, but when we saw the teacher turn first red and then pale we were awfully frightened, for we were sure there was a fire. The teacher stayed at her post and saw us all safely out before she left the

HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these faithful women that **LYDIA E. PINKHAM'S VEGETABLE COMPOUND** comes as a boon and a blessing, as it did to Mrs. E. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say:

"I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it."

FACTS FOR SICK WOMEN.
For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

IS IT POSSIBLE?

Forty-three million eight hundred and seventy-six thousand persons suffering with rheumatism, kidney and bladder affections, and should not continue, says a well-known authority. Prompt treatment is required in most cases to prevent complications. Acid urine, pains and burning in small of back, puffing under the eyes, foul breath and coated tongue, scanty or profuse urinating, poor appetite and feverish thirst all indicate kidney and bladder affections which will soon develop into rheumatism, gout, dropsy, etc. Have a simple home treatment recommended for the poorer class, but by thousands of the wealthy are taking it. Have any honest druggist mix one-half ounce fluid ext. Buchu, one ounce compound fluid Balmwort and two ounces of Syrup Sarsaparilla compound. Shake well and take a teaspoonful before each meal and one at retiring. One-fourth to one-half dose will cure bed-wetting children, but tonic power on bladder nerves. Cut this valuable item out and try it when needed. Some drug stores may not have all the ingredients but can obtain from wholesale firms who supply doctors.

room, but we knew by her suppressed excitement that she thought there was a fire."

When we consider that some of the teachers this year were pupils last year, and anyway when we remember there is not any one of us who know what we would really do until put to the test, the necessity for drilling the teachers is apparent.

A MOTHER.

FOR PIMPLES, TOO

New Discovery Cures Eczema and Eruptions Minor Skin Troubles Over Night.

A few months ago the dispenser of poslam, the new discovery for the cure of eczema, decided to allow the druggists of the country to handle it. Previous to that time it could only be obtained direct from the laboratories.

Since the change in the method of distribution, poslam has met with the most phenomenal success of anything introduced to the drug trade in the last 30 years. All leading druggists, including Frank D. Hall, in Newark, are now carrying the special 50-cent size recently adopted, also the \$2 jar.

This great success is not surprising when it is remembered that, in eczema cases, poslam stops the itching with first application, proceeds to heal immediately, and cures chronic cases in a few weeks. In minor skin troubles, such as pimples, blackheads, acne, herpes, blotches, rash, etc., results show after an overnight application. Experimental samples of poslam are sent to anyone by mail free of charge, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

MISSING

From His Columbus Home a Man Thought to be Demented May be in Newark.

Chief Zergiebel today received a letter from Chief O'Connor of the Columbus department, asking him to try to locate William Davis of that city, who is thought to be demented and who may have wandered to Newark, since he has a son, William, who is employed at the Wherle stove factory here.

Davis, who is a man 50 years old, is described as being 5 feet 5 inches in height, weight about 130, brown mustache, tinged with gray, and white hair. He has been missing from his home for several days and his relatives are worried about him. Chief Zergiebel immediately instituted a search for the man.

WHAT THE KIDNEYS DO.

Their Increasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

G. W. Harter, living at Hebron, O., says: "For several years I suffered from disordered kidneys but was unable to obtain the slightest relief from the numerous remedies I used. I finally heard of Doan's Kidney Pills, procured a box at Crayton's drug store and received prompt relief. I am glad to endorse such an efficient kidney remedy."

For sale by all dealers. Price 50 cents. Foster-McMurray Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

WEDDINGS

WHITE-BAKER.

On Sunday evening the home of Mr. and Mrs. Chas. Baker of West Orchard street, was the scene of a very pretty wedding. The contracting parties were Miss Edith May Baker and Mr. F. Todd White of this city. The house was beautifully decorated with hearts, potted plants and carnations. The color scheme throughout was pink and white. At 9 o'clock an elaborate dinner was served, after which the wedding cake was cut and passed by the bride to her many guests. Those seated at the bride's table were Mr. and Mrs. F. Todd White, Mr. and Mrs. Wm. Baker, Mr. and Mrs. Jerry Baker, Mr. and Mrs. Dallas Hunt, Mr. and Mrs. Henry Baker, Mr. and Mrs. Henry Moller. The bride is the accomplished daughter of Mr. and Mrs. Wm. Baker, while the groom is the only son of Mr. and Mrs. John White of McConnellsville, O., and has been in this city for the past year. The young couple have the best wishes of a host of friends and will be at home after March 16 at 54 Gainer avenue, this city.

SKIN DISEASES CURED.
Eczema, salt-rheum or tetter, erysipelas, ring worm, scaly or itching eruptions of the skin or scalp, old sores and scrofulous indications are a few of the troubles which Dr. Hale's Household Ointment drives away. First application gives relief. At City Drug Store.

"LEND ME FIVE SHILLINGS"
Taylor Hall, Thursday, March 12—Seats on Sale Now, 25 Cents, At Y. M. C. A.

Mr. Golightly in "Lend Me Five Shillings," was one of Mr. Joseph Jefferson's favorite roles. As portrayed by Mr. Harold Kemp in Miss King's entertainment Thursday evening, Newark people will be offered a clever and unique piece of work.

Mrs. Gilbert's famous Mrs. Breezy Fussell, in "Dearest Mamma," will be adequately done by Miss Simonds, while William Terris' quaint Dr. Jacks, and Beerbohm Tree's vociferous Captain Pigeon in "Old Cronies" will be well contrasted by Mr. Jones and Mr. King.

Didn't Need to Suffer.

DEATH DUE TO COAL GAS

Coroner Marriott Will Hold No Autopsy on Marcus Goldsbury—R points Finding.

Coroner L. L. Marriott arrived from St. Louisville Monday shortly after noon and met his witnesses in the investigation of the death of Marcus Goldsbury, the recluse whose body was found in his transportable home, Sunday, with his dog. After questioning several of the witnesses carefully, Coroner Marriott announced that there would be no autopsy.

He explained Tuesday morning that his investigations showed that death was probably due to coal gas, as the man burned coal in his heating stove and as the only ventilation that reached him was by means of a crack, about a sixteen-n of an inch wide, at the bottom of the door of the house.

He explained the position of the body when found, by the fact that in many cases of a strangulation the victims have been known to exert one final effort which sometimes carries them into another room, or enables them to crawl toward a door. It is on this basis that Coroner Marriott bases the finding and the position of Goldsbury's body on the bed.

The funeral of the unfortunate victim will be held Wednesday at the Hebrew church at 2 o'clock, the body leaving here on a special car before noon tomorrow.

THE PEO
"I have tried a lot of different brands of eyeglasses and have found that the PEO is the best. It does not get dirty as quickly as a glass one, and when it does a mirror work with a sponge makes it sparkle again. I have had several rubber collars but they crack and turn yellow quickly."

NEW LIGHTS

Will be Installed as Soon as Erecting Engineer Arrives—Will Be Completed Soon.

Fifty-one boxes, containing light globes and installation supplies making up the full equipment for the extension of the city's lighting system, arrived here yesterday from the Westinghouse company's Pittsburgh headquarters. The erection of the 50 additional lights will be begun within the next day or two, as soon as the erecting engineer arrives from Pittsburgh.

H. H. Hughes, district sales representative of the Westinghouse company, was a caller at the Board of Public Service office Tuesday and said that the installation of the addition to the system would be completed in about three weeks.

New York has received its first consignment of Easter bonnets.
